Public Notice

Lakewood Villas Water Flushing

City of New Port Richey Public Works Dept.

To the Residents of Lakewood Villas,

Starting Tuesday, April 25th the City of New Port Richey Public Works Department will be opening a valve to provide you with water from our City's Water Distribution system. From Tuesday, April 25th through Friday, April 28th, we will be flushing the water system to improve water quality and minimize discoloration. During this time you may see water on or near the road.

Flushing operations may lead to discolored water and a drop in water pressure. If discoloration occurs, open an outside hose bib or a cold tap either at a sink or a bathtub to full flow until the water runs clear. In some situations this may take 5 to 10 minutes. It is also advised to make sure your water is clear before doing laundry or other projects for which discolored water could be an issue.

If you have any questions please contact:

Dan Algie
Water Dist. Section Leader
727-841-4497
